

BENEFITS OF CONTINUOUS INTEGRATION AND CONTINUOUS DEPLOYMENT TO MOSRA ENERJI

Continuous integration and continuous deployment CI/CD automates the cleanup of an infrastructure that reduces cost from unused resources.

BENEFITS OF CONTINUOUS INTEGRATION AND CONTINUOUS DEPLOYMENT TO MOSRA ENERJI

Continuous integration and continuous deployment CI/CD also automates the creation of infrastructure that reduces human error and faster deployment and avoid unnecessary cost.

BENEFITS OF CONTINUOUS INTEGRATION AND CONTINUOUS DEPLOYMENT TO MOSRA ENERJI

Continuous integration and continuous deployment CI/CD enable faster, frequent deployment to productions that leads to value-generating features to be released more quickly and increases revenue

BENEFITS OF CONTINUOUS INTEGRATION AND CONTINUOUS DEPLOYMENT TO MOSRA ENERJI

Continuous integration and continuous deployment CI/CD performs a rollback triggered by automation when job fails to quickly undo changes and return to production working state which help to protect revenue.

BENEFITS OF CONTINUOUS INTEGRATION AND CONTINUOUS DEPLOYMENT TO MOSRA ENERJI

Continuous integration and continuous deployment CI/CD support deploying to production without manual checks enabling time to push product to market reduced and increases revenue.
